PURPOSE

The purpose of this supplemental advice letter filing is to revise the under-collected value for the Non-Residential Customers and the Sand City MCBA calculation in the Monterey Service Area.

The purpose of this advice letter filing is to request recovery of the 2019 WRAM & MCBA balances. This request is in compliance with authorizations of the California Public Utilities Commission as detailed in D.08-11-023, D.12-04-048, D.13-07-041 and D.18-12-021.

On March 24, 2020 California American Water requested a two-week extension to file the Tier 1 annual request for amortization for net WRAM/MCBA balances. On April 2, 2020 the Commission granted this extension request.

BACKGROUND

D.09-07-021 originally approved the WRAM & MCBA for Monterey. Certain requirements from the original process were modified in D.13-07-041. Notably, the settlement adopted by the decision agreed to certain procedures outlined D.12-040-048, which California American Water was not a party to.

The parties agree that California American Water would use the same amortization schedules and procedures that were established for other Class A water utilities in D.12-04-048 for the WRAM/MCBA in all districts.

This includes:

- 1. Amortization of net WRAM/MCBA balances at or above 2% of the last authorized revenue requirement, as described in Ordering Paragraph 2;*
- 2. The process to not initiate the cap until 2015, which is the first test year of the GRC to be filed July 1, 2013, as discussed in Ordering Paragraph 3;...*

3. *A vigorous review of the WRAM/MCBA as well as sales forecasting to be conducted in the next GRC (Test Year 2015), as discussed in Ordering Paragraph 3;*
4. *California American Water will submit its annual request for amortization of net WRAM/MCBA balances by a Tier 1 advice letter on or before March 31, as described in Ordering Paragraph 5;*
5. *California American cannot include any additional type or category of cost in their Tier 1 Advice Letters that was not included in their Annual Report as described in Ordering Paragraph 9;*
6. *California American Water will separate the WRAM/MCBA surcharges on customer bills if it is capable of doing so with its new billing system, as discussed for other utilities in Ordering Paragraph 10.*

Further, D.16-12-003 addressed the recovery of balances through December 31, 2014. The decision authorized a meter based surcharge over five years. This was implemented through the filing of advice letter 1146-A. The decision also modified the recovery method for future surcharges and imposed a new noticing requirement. Ordering paragraph two states,

1. *Future Water Revenue Adjustment Mechanism/Modified Cost Balancing Account (WRAM/MCBA) advice letters filed and served by California- American Water Company (California American Water) for the Monterey District shall request recovery of under-collections (or refunds of over-collections) by a uniform surcharge (or surcredit) on each unit of water sold (volumetric rate) including Tier 1. This applies to all WRAM/MCBA balances recovered once the new rate design is implemented. California American Water shall provide customer notice of each such advice letter consistent with General Order (GO) 96-B. In addition, for each of the next three advice letter requests, California American Water shall notify all customers in the Monterey District by bill insert or direct mail of the request even if that notice is not otherwise required by GO 96-B. The Notice shall be approved by the Commission's Public Advisor before it is issued by California American Water.*

In addition, D.18-12-021 increases the cap on amortization of the WRAM/MCBA balances:

Ordering Paragraph

151. *The cap on amortization of WRAM/MCBA balances should not be eliminated but should be increased to 15% of the last authorized revenue requirement for each of California American Water's districts.*

California American Water submitted its annual report with DWA on 11/30/2019. The report contained recorded balances January 1 through October 31, 2019 and forecasted balances for the period November 1 through December 31, 2019.

REQUEST

The existing cap on the annual recovery of the WRAM/MCBA surcharge was raised from 10% to 15% of the authorized revenue requirement by the Commission in D.18-12-021. California American Water requests approval of the 2019 WRAM/MCBA balance and the associated tariff language but is not requesting an amortization and placement into rates at this time. This request will allow the current surcharge recovery associated with the 2016 balances to remain the same.¹

The balances for the WRAM and MCBA are summarized in the table below.
