ADVICE LETTER NO. 57-S-A

TO THE PUBLIC UTILITIES COMMISSION OF THE STATE OF CALIFORNIA

Pursuant to General Order 96-B, California-American Water Company ("California American Water") (U210W) hereby submits for review this supplemental advice letter, including the following tariff sheets, which are attached hereto:

<u>C.P.U.C. Sheet No.</u>	<u>Title of Sheet</u>	<u>Canceling Sheet No.</u>

265-S	Table of Contents (Page 1)	259-S

PURPOSE

The purpose of supplemental advice letter filing 57-S-A is to revise the Dunnigan WW tariff.

The purpose of this advice letter is to comply with Ordering Paragraph 19 of Decision D.18-12-021, which states that California American Water shall refund customers of its excess protected (plant related) Accumulated Deferred Income Tax (ADIT) based on the size of a customer's meter. The grossed up amount to be refunded is \$747,269. This refund will be amortized evenly over a

one year period. Cal-Am is required to file a tier 3 advice letter annually for the protected ADIT of 2019 and 2020.

BACKGROUND

At the end of 2017, California American Water re-measured its ADIT based on estimated amounts at the date of enactment of the Tax Cuts and Jobs Act (TCJA). California American Water classified the re-measured amount into two basic categories, plant related and non-plant-related. At the time, the amounts were \$40.6 million for the plant-related and \$7.1 million for the non-plant-related. During 2018, California American Water filed its income tax returns, which resulted in changes to the 2017 estimated re-measure amounts. In addition, California American Water completed its software implementation to a level where the plant-related amount contained within the Powertax system could be used to produce the annual ARAM amount. As a result of this work, California American Water has refined its break-down of excess ADIT into the following categories:

Net Excess Amortization from Powertax	32,348,057
Federal NOL	(13,243,379)
Total Subject to ARAM	19,104,679
Plant items not in Powertax	(1,696,281)
Citizens UPAA	6,698,483
San Clemente Dam	11,414,643
Original Non Plant	7,105,278
Additional Non Non Plant	5,629,212
Total TCJA Federal and State Excesses	48,256,013
Pre TCJA ADIT Excess	199,213
Total Excess ADIT	48,455,226

In D.18-12-021 Ordering Paragraph 19, the Commission ordered California American Water to file a Tier 3 advice letter on June 30, 2019 to return the certain plant-related excess ADIT for 2018. California American Water assumes for the purpose of its 2019 rate case filing that the rate will be implemented on January 1, 2020. This process would be repeated for the 2019 and 2020 plant-related excess ADIT, with the excess ADIT for 2019 going back to customers in 2021; and the 2020 excess ADIT going back to customers in 2022.

Specifically, Ordering Paragraph 19, D.18-12-021, p.324-5, states:

19. By June 30, 2019, California American Water Company (Cal-Am) shall file a Tier 3 advice letter to refund the 2018 Excess Protected Accumulated Deferred Income Tax (ADIT), which should have been recorded in the Tax Memorandum Account, to ratepayers as a bill credit, based on the size of the customer's meter. Cal-Am shall file Tier 3 advice letter by June 30, 2020 and a Tier 3 advice letter by June 30, 2021 to refund the 2019 Excess Protected ADIT and the 2020 Excess Protected ADIT to ratepayers as a bill credit, based on the size of the customer's meter. Each refund shall be amortized evenly over a period of one year. Each advice letter shall include any necessary revenue requirement adjustments to rate base caused by the return of the ADIT

balances. In each advice letter, Cal-Am shall provide calculations and supporting documentations that demonstrate: (1) an estimation of the Excess Protected ADIT for each year, (2) how the Excess Protected ADIT balances were calculated for each year, and (3) the normalization method used. Cal-Am is not required to refund the Excess Protected ADIT balances faster or sooner than allowed pursuant to the normalization rules of the Internal Revenue Service.

Excess ADIT liabilities within Powertax, net of excess ADIT asset related to Net Operating Loss Carryforward ("NOLC"), account for \$19,104,679 of the total plant related differences. These amounts are generally amounts subject to normalization or so-called "protected" ADIT. It is the excess ADIT that is maintained in the Powertax system, and that will normalize using "Average Rate Assumption Method" (ARAM) that California American Water believes is within the scope of ordering paragraph 19 of D.18-12-021 and the related Tier 3 advice letter.

In addition, certain plant related differences such as ADIT related to Construction Work in Progress ("CWIP"), Customer Advances for Construction ("CAC"), Section 481(a) adjustments not yet amortized, as well as deferred tax related to San Clemente Dam regulatory assets and the Citizen Utility Plant Acquisition Adjustment ("UPAA"), are all maintained outside of Powertax. The excess ADIT related to these plant related amounts total \$16,416,845. California American Water does not believe these amounts are in the scope of the Tier 3 advice letter associated with Ordering Paragraph 19 of D.18-12-021 and are therefore included in California American Water's 2019 GRC filing. Please see the Direct Testimony of John R. Wilde submitted with California American Water's July 1, 2019 general rate case filing for the disposition of these excesses.

Computation

In general, ARAM is a method where by deferred taxes reverse at the average rate that they were provided. So, for example, assume an asset was put in service when the tax rate was 35% and the temporary difference for that asset was provided each year up to 2017 at a rate of 35%. In years after 2017, deferred taxes are provided at the new rate of 21%. At the point in time when the temporary difference begins reversing, the average rate is computed by dividing the deferred income tax balance by the temporary difference. In the example above, the rate will fall somewhere between 35% and 21%.

Because deferred taxes will reverse at a rate other than 21%, but the current tax impact of the temporary difference will be at 21%, the difference between the current tax effect at 21% and the deferred tax effect at some other rate will result in the effective "refund" of the excess ADIT.

Workpaper 2-1 summarizes the net excesses that exist in Powertax. The numbers in Exhibit XX on lines 2 and 3 come from the included report 259 from Powertax. Report 259 from Powertax is used because it shows current year activity to the temporary difference, and current year activity to regulatory ADIT (it labels this activity as APB 11 activity). In addition, it shows the excess ADIT in columns labeled "Regulatory Liability before Gross Up" and "Regulatory Asset before Gross Up". Line 5 represents the excess deferred asset related to the net operation loss ("NOL") carried forward. Line 6 represents total excess subject to ARAM amortization and California American Water believes this net excess is within the scope of the refund outlined in Ordering Paragraph 19 of D.18-12-021.

Lines 8 through 11 show the credit amount net of the rate base impact. The Credit amount on Line 8 comes from the schedule labeled intermediate workpaper and the rate base impact

amount on Line 10 comes from the schedule labelled Proration – rate base.

The intermediate workpaper uses the data from Powertax report 259 to compute the difference between current tax effect at the current rate versus deferred tax effect computed within the system using ARAM. In addition, the intermediate workpaper layers in proportional amortization of the NOL excess ADIT asset.

REQUEST

This advice letter requests authorization to refund the plant-related 2018 Excess ADIT over a period of one year as a bill credit to all customers based on meter size.

Tier Designation:

This advice letter is submitted pursuant to General Order No. 96-B and D.18-12-021 and is designated as a Tier 3 filing.

EFFECTIVE DATE

Cal-Am requests an effective date of August 1, 2019.

SERVICE LIST

Pursuant to Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in the attached service list. Copies of the detailed work papers and the documents supporting this Advice Letter have also been furnished to the Commission Staff.

RESPONSE OR PROTEST¹

Anyone may submit a response or protest for this AL. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

A **response** supports the filing and may contain information that proves useful to the Commission in evaluating the AL. A **protest** objects to the AL in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

1. The utility did not properly serve or give notice of the AL;
2. The relief requested in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error or omissions;
4. The relief requested in the AL is pending before the Commission in a formal proceeding;
or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, provided that such a protest may not be made where it would require relitigating a prior order of the Commission.

¹ G.O. 96-B, General Rule 7.4.1

² G.O. 96-B, General Rule 7.4.2

A protest may not rely on policy objections to an AL where the relief requested in the AL follows rules or directions established by statute or Commission order applicable to the utility. A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the utility name and advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email Address: Water.Division@cpuc.ca.gov	Mailing Address: CA Public Utilities Commission Division of Water and Audits 505 Van Ness Avenue San Francisco, CA 94102
---	---

On the same day the response or protest is submitted to DWA, the respondent or protestant shall send a copy of the protest to Cal-Am at:

Email Address: jonathan.morse@amwater.com	Mailing Address: 4701 Beloit Drive Sacramento, CA 95838
sarah.leeper@amwater.com	555 Montgomery Street, Suite 816 San Francisco, CA 94111
lakhjit.thind@amwater.com	4701 Beloit Drive Sacramento, CA 95838

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform DWA, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

REPLIES³

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.

The actions requested in this advice letter are not now the subject of any formal filings with the California Public Utilities Commission, including a formal complaint, nor action in any court of law.

This filing will not cause the withdrawal of service, nor conflict with other schedules or rules.

³ G.O. 96-B, General Rule 7.4.3

If you have not received a reply to your protest within 10 business days, please contact me at (916) 568-4255.
