Purpose:

The purpose of this advice letter filing is to implement General Rate Case Interim Rates, Cost of Capital Interim Rates, to establish a General Rate Case Interim Rate Memorandum Account for the Monterey (Monterey County) District in General Rate Case (GRC) Application (A.) 10-07-007, and to establish a Cost of Capital Interim Rate Memorandum Account for the Monterey (Monterey County) District in the Cost of Capital Application (A.) 11-05-003. These requests are in compliance with authorizations of the California Public Utilities Commission as detailed in the Rate Case Plan in D. 07-05-062.

Background:

California American Water filed its General Rate Case application (A. 10-07-007) on July 1, 2010 to request an increase for its Monterey (Monterey County) District for 2012.

California American Water filed its Cost of Capital application (A. 11-05-003) on May 2, 2011 to request an increase related to financing costs of California American Water. The request affects the rates for all operating properties of California American Water, including the Monterey (Monterey County) District for 2012.

Submission of these tariffs is made in compliance with Paragraph 1 of Page 11 of the Rate Case Plan Decision (D.) 07-05-062 which states:

“We conclude that companies experiencing a delay in their GRCs under our new RCP may seek a rate modification, subject to refund as set forth below, via and advice letter.⁶ Our adopted procedure is set forth at II(B) of the RCP. Section II(B) also sets forth the procedure for seeking permission to forego a GRC filing. We will not limit the rate changes sought in these filings to the rate of inflation. However, interim rates

⁶ We do not designate this advice letter under any “Tier.”

under Section 455.2(c), when approved, will be subject to refund and shall be adjusted upward or downward back to the effective date of the interim rates upon the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP. This procedure will only apply during our transition to the new RCP when the new RCP plan delays a water utility's GRC beyond the three-year cycle set forth in Section 455.2(c). We decline to adopt CWA's suggestion to permit utilities to file applications. Applications will unduly complicate the RCP schedule and create numerous inefficiencies. Furthermore, the advice letter process addresses all of CWA's concerns."

And in compliance with Appendix A, Section II. B. of the Rate Case Plan (page A-2):

"A water utility that experiences a delay beyond three-years in filing a GRC application due to the transition to the RCP schedule may seek to implement an interim rate change via an advice letter.

Such filing will not excuse a utility from filing its future GRCs according to the RCP schedule. These interim rates, when approved, will be subject to refund and shall be adjusted upward or downward back to the effective date of the interim rates with the adoption of final rates by the Commission at the conclusion of a GRC scheduled under the RCP.

The procedures herein will only apply during our transition to the RCP in instances when the RCP schedule delays a GRC for any water utility beyond the three-year cycle set forth in Section 455.2."

To garner authority to implement interim rates and the corollary memorandum account the Administrative Law Judge ("ALJ") in the subject proceeding must issue a Ruling approving such a request. In compliance with the Ruling requirement and in regards to A.10-07-007, the ALJ in that proceeding issued a Ruling on October 25, 2011 where on Page 5 of Ruling Granting Interim Rates it states:

"IT IS RULED that California-American Water Company shall file with the Commission, by Tier 1 Advice Letter, a tariff implementing interim rates for all districts of its service territory and establishing a Memorandum Account to track the difference between the interim rates and the final rates adopted by the Commission in this proceeding. The interim rates shall become effective no sooner than January 1, 2012."

In determining to which service areas an inflation adjustment to present rates should be applied as the basis for interim rates and to which service areas current rates should be set as the interim rates, we set our determination based on:

- Page 14, Section IX. A. of the Settlement Agreement attached as Appendix A of D. 09-07-021 which states:
"The parties agree that rates and rate design in the Ralph Lane subarea will not change.", and

- Page 14, Section VII. A. of the Settlement Agreement attached as Appendix A of D. 09-07-021 which states:
“The Parties agree that California American Water will only increase rates in the Chualar area based on the rate of inflation since the last rate change in December 2006, which is 9.17%.”

The current Consumer Price Index for All Urban Consumers (CPI-U), as of October 2011, provided by the U.S. Bureau of Labor Statistics is 3.50%. California American Water anticipates that a rate increase will ultimately be approved for the Monterey (Monterey County) District. Pursuant to D. 07-05-062, the 12-month CPI-U of 3.50%, is used to calculate the interim rates for all service areas except Ralph Lane and Chualar. Interim rates are recommended effective January 1, 2012 for all service areas, including Ralph Lane and Chualar wherein present rates will serve as interim rates.

To avoid duplicate increases, the interim rates prepared and presented in this advice letter reflect an increase of 3.5% for the GRC Interim Rates and a 0.0% increase for the COC Interim Rates.

Request:

California American Water is requesting authorization to establish interim rates in the Monterey (Monterey County) District by filing tariffs that increase present rates by 3.50% as set by the CPI Factor in accordance with California American Water's General Rate Case Filing (A.) 10-07-007 and in accordance with California American Water's Cost of Capital application (A.) 11-05-003. The difference in the Interim Rates and the final adopted rates from A. 10-07-007 would be tracked in the General Rate Case Interim Rate Memorandum Account and an Advice Letter would then be filed requesting a surcharge or surcredit of any under or over collection.

The difference between the final adopted rates in (A.)10-07-007 and the rates that should have been adopted had a decision in (A.) 10-07-007 incorporated the cost of capital from a decision in (A.) 11-05-003, would be tracked in the Cost of Capital Interim Rate Memorandum Account and an Advice Letter would then be filed requesting a surcharge or surcredit of any under or over collection.

Tier Designation:

These tariffs are submitted pursuant to General Order No. 96-B and this advice letter is designated as a Tier 1 filing.

Effective Date:

California American Water requests that the tariffs discussed above be made effective January 1, 2012.

Service List:

In accordance with Section 4.3 of General Order No. 96-B, a copy of this advice letter is being sent to those entities listed in Exhibit A.

Protest and Responses:

Anyone may respond to or protest this advice letter. A response supports the filing and may contain information that proves useful to the Commission in evaluating the advice letter.

A protest objects to the advice letter in whole or in part and must set forth the specific grounds on which it is based. These grounds may include the following:

- (1) The utility did not properly serve or give notice of the advice letter;
- (2) The relief requested in the advice letter would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
- (3) The analysis, calculations, or data in the advice letter contain material errors or omissions;
- (4) The relief requested in the advice letter is pending before the Commission in a formal proceeding; or
- (5) The relief requested in the advice letter requires consideration in a formal hearing, or is otherwise inappropriate for the advice letter process; or
- (6) The relief requested in the advice letter is unjust, unreasonable, or discriminatory (provided that such a protest may not be made where it would require relitigating a prior order of the Commission.)

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

A response or protest must be made in writing or by electronic mail and must be received by the Water Division within 20 days of the date this advice letter is filed. The address for mailing or delivering a protest is:

Tariff Unit, Water Division, 3rd floor
California Public Utilities Commission,
505 Van Ness Avenue, San Francisco, CA 94102
water_division@cpuc.ca.gov

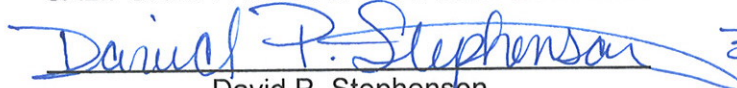

On the same date the response or protest is submitted to the Water Division, the respondent or protestant shall send a copy by mail (or e-mail) to us, addressed to:

Recipients:	E-Mail:	Mailing Address:
David P. Stephenson..... <i>Director – Rates & Regulation</i>	dave.stephenson@amwater.com ...	4701 Beloit Drive Sacramento, CA 95838 Fax: (916) 568-4260
Olivia Para..... <i>Corporate Counsel</i>	olivia.para@amwater.com.....	333 Hayes Street San Francisco, CA 94102 Fax: (415) 863-0615
Suzette Halterman..... <i>Financial Analyst I</i>	suzette.halterman@amwater.com..	4701 Beloit Drive Sacramento, CA 95838 Fax: (916) 568-4260

Cities and counties that need Board of Supervisors or Board of Commissioners approval to protest should inform the Water Division, within the 20 day protest period, so that a late filed protest can be entertained. The informing document should include an estimate of the date the proposed protest might be voted on.

If you have not received a reply to your protest within 10 business days, contact this person at (916) 568-4222.

Schedule No. MO-4A (Continued)
Monterey District Tariff Area
PRIVATE FIRE PROTECTION SERVICE
AMBLER PARK SERVICE AREA

SPECIAL CONDITIONS:

- 1. The fire protection service connection shall be installed by the utility and the cost paid by the applicant. Such payment shall not be subject to refund. (L)
2. If a distribution main of adequate size to a private fire protection system in addition to all other normal service does not exist in the street or alley adjacent to the premise to be served, then a service main from the nearest existing main of adequate capacity shall be installed by the utility and the cost paid by the applicant. Such payment shall not be subject to refund. (L)
3. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, are installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Board of Fire Underwriters for protection against theft, leakage or waste of water and the cost paid by the applicant. Such payment shall not be subject to refund
4. For water delivered for other than fire protection purposes, charges shall be made therefore under Schedule No. 1, General Metered Service.
5. The utility will supply only such water at such pressure as may be available from time to time as a result of its normal operation of the system.
6. All bills are subject to the reimbursement fee as set forth in Schedule No. UF.
7. Per Advice Letter 878 and D. 09-05-029, a volumetric surcharge will be applied to each customer's bill to fund conservation programs by California American Water. This surcharge will collect a total of \$2,674,678 and remain in effect through December 31, 2011 as follows;

Table with 2 columns: Effective Dates, Surcharge. Rows include Jan 1, 2011 - Jan 13, 2011 and Jan 14, 2011 - Dec 31, 2011.

- 8. The rates approved by Advice Letter No. 750-B are subject to refund and may be adjusted upward or downward depending on the final rates authorized in A.08-01-027 back to May 11, 2009. The 2010 step rates approved by Advice Letter 818-A will be tracked as part of the interim rate true-up memorandum account. (L)

PRELIMINARY STATEMENT

(Continued)

Monterey General Rate Case Interim Rate True-Up Memorandum Accounts

(N)

- 1. PURPOSE: The purpose of the General Rate Case Interim Rate True-Up Memorandum Accounts is to track the differences between revenues billed at interim rates and revenues that should have been billed under the final rates granted in the General Rate Case (GRC) Application (A.) 10-07-007.
- 2. APPLICABILITY: Applicable to the Monterey (Monterey County) District served by California American Water.
- 3. ACCOUNTING PROCEDURE: The difference in revenues resulting from revenues billed under Interim rates effective January 1, 2012 pursuant to Advice Letter 926 and revenue that should have billed had the final rates from a decision in A. 10-07-007 been in place January 1, 2012 should be treated as follows (including interest at the 90-day commercial paper rate).
 - a. A debit entry based on the final rates granted in the General Rate Case Application (A.) 10-07-007.
 - b. A credit entry based on the Interim Rates paid by customers.
 - c. The difference between the two shall be the balance of the account.

(N)

Monterey Cost of Capital Interim Rate True-Up Memorandum Accounts

(N)

- 1. PURPOSE: The purpose of the Cost of Capital Interim Rate True-Up Memorandum Accounts is to track the differences between final rates from a decision in A. 10-07-007 and rates that should have been effective had a decision in A. 10-07-007 incorporated the Cost of Capital from a decision in A. 11-05-003.
- 4. APPLICABILITY: Applicable to the Monterey (Monterey County) District served by California American Water.
- 5. ACCOUNTING PROCEDURE: The difference in revenues resulting from revenues billed under Interim rates effective January 1, 2012 pursuant to Advice Letter 926 and revenue that should have been effective January 1, 2012 had a decision in A. 10-07-007 incorporated the Cost of Capital from a decision in A. 11-05-003 been in place, should be treated as follows (including interest at the 90-day commercial paper rate).
 - a. A debit entry based on the final rates granted in the General Rate Case Application (A.) 10-07-007 with the final rates graded in the Cost of Capital Application (A.) 11-05-003.
 - b. A credit entry based on the final rates granted in D. 10-07-007.
 - c. The difference between the two shall be the balance of the account.
