SERVICE CHARGES
(continued)

Service Line and Meter Installation Charges

As provided for in Arizona-American Water's Havasu Water District Rule No. 4 (B), the Company will charge the customer, as a refundable advance in aid of construction, an amount for each meter and service line as specified below:

1. Service Line Installations:

<u>Meter Size</u>	<u>Rate</u>
5/8"	\$ 445.00
3/4"	\$ 445.00
1"	\$ 495.00
1 1/2"	\$ 550.00
2" - Turbine	\$ 830.00
2" - Compound	\$ 830.00

3" and Over – Charges are to be equal to actual total costs of installation.

2. Meter Installations:

<u>Meter Size</u>	<u>Rate</u>
5/8"	\$ 155.00
3/4"	\$ 255.00
1"	\$ 315.00
1 1/2"	\$ 525.00
2" - Turbine	\$1,045.00
2" - Compound	\$1,890.00

3" and Over - Charges are to be equal to actual total costs of installation.

ARSENIC IMPACT HOOK-UP FEE AIHUF-1

I. Purpose and Applicability

The purpose of the Arsenic Impact Fee ("AIHUF") payable to **Arizona-American Water Company – Havasu Water District** ("the Company") pursuant to this tariff is to equitably apportion the costs of constructing water treatment plant facilities to treat and remove arsenic. These charges are applicable to all new service connections established after the effective date of the tariff. The charges are one-time charges and are payable as a condition to the Company's establishment of service, as more particularly provided below.

II. Definitions

Unless the context otherwise requires, the definitions set forth in R-14-2-401 of the Arizona Corporation Commission's ("Commission") rules and regulations governing water utilities shall apply in interpreting, this tariff schedule.

"Applicant" means any party entering into an agreement with the Company for the installation of water facilities to serve new service connections.

"Arsenic Treatment Facilities" means treatment equipment and related appurtenances necessary for the removal of arsenic through treatment of water to meet the 10 parts per billion ("ppb") arsenic standards.

"Company" means Arizona-American Water Company – Havasu Water District, an Arizona corporation.

"Main Extension Agreement" means any agreement whereby an applicant agrees to advance the costs of the installation of water facilities to the Company to serve new service connections, or install water facilities to serve new service connections and transfer ownership of such water facilities to the Company, which agreement shall require the approval of the Commission's Utilities Division (same as line extension agreement).

"Service Connection" means and includes all service connections for residential, commercial, industrial, or other uses, regardless of meter size.

ARSENIC IMPACT HOOK-UP FEE AIHUF-1 (continued)

III. Arsenic Impact Fee Charges

Each new service connection shall pay the Arsenic Impact Hook-up Fee derived from the following table:

237305, 271160

ARSENIC IMPACT FEE TABLE		
Meter Size	Meter Factor	Fee
5/8" x 3/4"	1	\$870
3/4"	1.5	\$1,305
1"	2.5	\$2,175
1-1/2"	5	\$4,350
2"	8	\$6,960
3"	16	\$13,920
4"	25	\$21,750
6"	50	\$43,500
8" or larger	80	\$69,600

IV. Terms and Conditions

- (A) Assessment of One Time AIHUF Charge: The AIHUF may be assessed only once per service connection, or lot within a platted subdivision (similar to service line and meter installation charges). However, this provision does not exempt from the AIHUF, any newly created parcel(s) which are the result of further subdivision of a lot or land parcel and which do not have a service connection.
- (B) Use of AIHUF: AIHUF may only be used to pay for capital items of arsenic treatment facilities (including engineering and design costs for such facilities), or for repayment of loans obtained for installation of arsenic treatment facilities. AIHUF shall not be used for expenses, maintenance, or operational purposes.

ARSENIC IMPACT HOOK-UP FEE AIHUF-1 (continued)

(C) Time of Payment:

- (1) In the event that the Applicant is required to enter into a main extension agreement, whereby the Applicant agrees to advance the costs of installing mains, valves, fittings, hydrants and other on-site improvements in order to extend service in accordance with R-14-2-406(B), payment of the charges required hereunder shall be made by the Applicant within 15 calendar days after receipt of notification from the Company that the Utilities Division of the Commission has approved the main extension agreement in accordance with R-14-2-406(M).
- (2) In the event the Applicant is not required to enter into a main extension agreement, the charges hereunder shall be due and payable at the time the service line and meter installation charge is due and payable.

(D) Failure to Pay Charges, Delinquent Payments: Under no circumstances will the Company set a meter or otherwise allow service to be established if the Applicant has not paid in full all charges as provided by this AIHUF tariff.

(E) AIHUF Non-refundable: The amounts collected by the Company pursuant to the AIHUF shall be non-refundable advances in aid of construction.

(F) Use of Charges Received: All funds collected by the company pursuant to the hookup fee shall be treated as an offset to the costs of arsenic treatment facilities (including engineering and design costs for such facilities) in the ACRM step one and step two increases and in rate base in any future ratemaking proceeding. The company shall maintain on its books an accounting of the arsenic treatment facilities hookup fees collected pursuant to this tariff and an accounting of the arsenic treatment facilities constructed subsequent to adoption of this tariff.

(G) AIHUF in Addition to Other Charges: The AIHUF shall be in addition to any costs associated with a main extension agreement for on-site facilities, and are in addition to the amounts to be advanced pursuant to charges authorized under other sections of this tariff.

(H) Disposition of Excess Funds: After all necessary funds are collected to pay for all Arizona Department of Environmental Quality required arsenic treatment facilities or the AIHUF has been terminated by order of the Commission, any funds not necessary to pay for arsenic treatment facilities remaining in the trust shall be refunded. The manner of the refund shall be determined by the Commission at the time a refund becomes necessary.

CURTAILMENT PLAN FOR HAVASU WATER DISTRICT

(Template 063004)

ADEQ Public Water System No: 04-07-099

Arizona American Water Company ("Company"), is authorized to curtail water service to all customers within its certificated area under the terms and conditions listed in this tariff.

This curtailment plan shall become part of the Arizona Department of Environmental Quality Emergency Operations Plan for the Company.

The Company shall notify its customers of this new tariff as part of its next regularly scheduled billing after the effective date of the tariff or no later than sixty (60) days after the effective date of the tariff.

The Company shall provide a copy of the curtailment tariff to any customer, upon request.

Stage 1 Exists When:

Company is able to maintain water storage in the system at 100 percent of capacity and there are no known problems with its well production or water storage in the system.

Restrictions: Under Stage 1, Company is deemed to be operating normally and no curtailment is necessary.

Notice Requirements: Under Stage 1, no notice is necessary.

Stage 2 Exists When:

- a. Company's water storage or well production has been less than 80 percent of capacity for at least 48 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 2, the Company may request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. Outside watering should be limited to essential water, dividing outside watering on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

CURTAILMENT TARIFF

Notice Requirements: Under Stage 2, the Company is required to notify customers by delivering written notice door to door at each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

Stage 3 Exists When:

- a. Company's total water storage or well production has been less than 50 percent of capacity for at least 24 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 3, Company shall request the customers to voluntarily employ water conservation measures to reduce daily consumption by approximately 50 percent. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Beginning with Stage 3, Company shall post at least two (2) signs showing the curtailment stage. Signs shall be posted at the well and/or pump sites located within the Havasu Water District.
3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 3.

Once Stage 3 has been reached, the Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

CURTAILMENT TARIFF

Stage 4 Exists When:

- a. Company's total water storage or well production has been less than 25 percent of capacity for at least 12 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 4, Company shall inform the customers of a mandatory restriction to employ water conservation measures to reduce daily consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

- ◆ Irrigation of outdoor lawns, trees, shrubs, or any plant life is prohibited
- ◆ Washing of any vehicle is prohibited
- ◆ The use of water for dust control or any outdoor cleaning uses is prohibited
- ◆ The use of drip or misting systems of any kind is prohibited
- ◆ The filling of any swimming pool, spas, fountains or ornamental pools is prohibited
- ◆ The use of construction water is prohibited
- ◆ Restaurant patrons shall be served water only upon request
- ◆ Any other water intensive activity is prohibited

The Company's operation of its standpipe service is prohibited. The addition of new service lines and meter installations is prohibited.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Beginning with Stage 4, Company shall post at least two (2) signs showing the curtailment stage. Signs shall be posted at the well and/or pump sites located within the Havasu Water District
3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 4.

CURTAILMENT TARIFF

Customers who fail to comply with the above restrictions will be given a written notice to end all outdoor use. Failure to comply within two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.
