Mr. Greg Tomko
Project Mgr. New Development
Kentucky American Water
2300 Richmond Road
Lexington, Kentucky 40502

RE: ACME Subdivision, Phase 1, Sections A - D

Dear Mr. Tomko:

Please find enclosed four copies of each of the development plans, including a Best Management Practices Plan for Erosion and Sedimentation Control for the above referenced project (1"=100' scale) with hydrants spotted and signed-off on by the Lexington Fire Department and a CD with the AutoCad version for your use in designing the water distribution system.

We estimate the installation of curbs and gutters to be completed the week of April 9th 2007.

On behalf of our client we are requesting domestic water service to be extended to the referenced subdivision.

Developer: ACME Development, LLC.
ABC Main Street
Lexington KY, 40507
