DECISION # 71410

CENTRAL ARIZONA PROJECT-RAW (UNTREATED) WATER SERVICE

Availability

Available to golf courses and other irrigation or turf facilities within the CC&N boundaries of the Company.

Rates

	<u>Rate</u>
All Consumption	Per 1,000 gallons \$0.5488

Special Conditions

Availability is subject to the Customer entering into a Line Extension Agreement with the Company to construct the necessary facilities for delivery of C.A.P. water.

The rate shall be adjusted each year by an amount equal to the percentage increase in charges assessed to the Company by the Central Arizona Water Conservation District for delivery of C.A.P. water. Such charges shall include "water service capital charges", "fixed O.M. & R. charges", "energy charges" and any incidental fees assessed for the ability to take raw water from the point of delivery. All such charges shall be as assessed on a per acre foot basis.

The Company is not responsible for the quality of water provided under this tariff. This is raw untreated water and the Company is not responsible for complying with any health or environmental conditions for its use.

Terms and Conditions

Water service provided under this rate schedule is subject to the Company's Rules and Regulations applicable to Water Service and may be subject to the Company's Service Charges set forth in Rate Schedule Service Charges.

Water service under this Schedule is for the exclusive use of the Customer and water shall not be resold or provided to others.

In addition to the collection of regular rates, the utility will collect from its customers a proportionate share of any privilege, sales, use, and franchise tax. Per Commission Rule 14-2-409D(5).

A 1½% late payment penalty will be applied to account balances not paid within twenty-five (25) days after the postmark date of the bill in accordance with Rule 8 (H) of Arizona-American Water's Sun City West Water District Rules and Regulations.

GROUNDWATER WITHDRAWAL FEES

Availability

Applicable to all customers receiving metered water service from this District.

Rates

		Rate
All Consumption	Per 1,000 gallons	\$0.01

Special Conditions

This charge will be assessed as a separate line item on the customer's monthly bill.

This rate is subject to annual revisions as required due to changes in rates charged by the Arizona Department of Water Resources (ADWR); adjustments required due to small under or over collection of fees; and changes in the amount of groundwater this District uses to meet its customers' water demands.

This rate is based on published ADWR Groundwater Withdrawal Fees and includes an allowance of ten percent (10%) for lost and unaccounted for water.

(Name of Service Area)

Groundwater Savings Fee GSF - 1

Applicability

Applicable to all customers of this District receiving service under General Water Rate G-1 or Construction Water Service CW-1.

<u>Residential Users</u>	<u>Deferred Costs</u>	<u>Annual Costs</u>	<u>Total Charge</u>
Flat Rate per unit per month	\$0.00	(\$0.1245)	(\$0.1245) *

* Rate consists of (\$.9536) per unit to refund the over collection of prior years' surcharge and \$0.8291 per unit for the collection of current annual CAP charges.

<u>Other Users</u>	<u>Deferred Costs</u>	<u>Annual Costs</u>	<u>Total Charge</u>
All Usage per 1,000 gallons per month	\$0.00	(\$0.0131)	(\$0.0131) **

**Rate consists of (\$.1006) per 1,000 gallons of usage to refund the over collection of prior years' surcharge and \$.0875 per 1,000 gallons of usage for the current annual CAP Charges.

Terms and Conditions

The Deferred Costs portion of the Groundwater Savings Fee shall be in effect for a sixty-month period from March 2000 through February 2005. The Annual Costs portion shall be adjusted each year to reflect current actual CAP costs.

Over – Recovery of Deferred Costs Portion of Groundwater Savings Fee

The Deferred Costs portions of the Groundwater Savings Fee for this District were developed, based on a revenue-requirement analysis, to recover the following amount:

Residential customers	\$6,980 X 60 months = \$418,800
Commercial customers	\$1,279 X 60 months = \$ 76,740
Total	<u>\$495,540</u>

(Continued on Sheet 8a)

ISSUED December 10 2010 **EFFECTIVE** November 1 2010

Month Day Year Month Day Year

ISSUED BY Thomas M. Broderick, Director, Rates & Regulation

2355 W. Pinnacle Peak Road, Suite 300, Phoenix, Arizona 85027
Decision No. 72046

Sun City West Water District
(Name of Service Area)

Groundwater Savings Fee GSF-1 (cont.)

Terms and Conditions (cont'd)

Over-Recovery of Deferred Costs Portion of Groundwater Savings Fee

This District will track the monthly revenues received in connection with the Deferred Costs portions of the Groundwater Savings Fee. At the end of the sixty-month collection period, the cumulative total for this District will be compared with the \$495,540 computed above. To the extent a surplus has been recovered, that amount will be placed into an appropriate regulatory liability account on this District's balance sheet for future regulatory disposition and the Director of Utilities will be appropriately notified by letter. Should the cumulative surcharge revenues be less than the amounts identified above, the deficiency will be absorbed by the Company.

Annual Adjustment of Annual Costs Portion of Groundwater Savings Fee

At the close of each calendar year, the Company will compute the surcharge revenues for ongoing CAP water costs billed and received during the previous twelve months and compare such total with the actual CAP water payments applicable to the same period. Any surplus or deficit relating to differences between estimated and actual customers, sales, or CAP payments will be included in the computation of the new Annual Costs portion of the Groundwater Savings Fee for the coming year, beginning with customer billings each March 1st. The new rates will be developed as follows:

- Surcharge revenues during the preceding calendar year.
- Actual CAP payments (including MWD credits) applicable to preceding year
- = (+) surplus or (-) deficit
- + Estimated CAP payments for coming year (M&I + delivery – MWD credits)
- = Total target amount to recover during the coming March – February

The above computed target amount will be allocated between residential and commercial customers on the basis of usage projected for the future March - February period. Residential customers will be billed a fixed monthly surcharge based on projected customer bill numbers, with commercial customers billed on a per 1,000 gallon usage basis, based on consumption forecasted for the same March – February billing period.

All rates in this Schedule shall be subject to their proportionate part of any taxes or other governmental imposts which are assessed directly or indirectly on the basis of revenues derived from this Schedule.

CURTAILMENT PLAN FOR SUN CITY WEST WATER DISTRICT
(Template 063004)

ADEQ Public Water System No: 04-07-099

Arizona American Water Company ("Company"), is authorized to curtail water service to all customers within its certificated area under the terms and conditions listed in this tariff.

This curtailment plan shall become part of the Arizona Department of Environmental Quality Emergency Operations Plan for the Company.

The Company shall notify its customers of this new tariff as part of its next regularly scheduled billing after the effective date of the tariff or no later than sixty (60) days after the effective date of the tariff.

The Company shall provide a copy of the curtailment tariff to any customer, upon request.

Stage 1 Exists When:

Company is able to maintain water storage in the system at 100 percent of capacity and there are no known problems with its well production or water storage in the system.

Restrictions: Under Stage 1, Company is deemed to be operating normally and no curtailment is necessary.

Notice Requirements: Under Stage 1, no notice is necessary.

Stage 2 Exists When:

- a. Company's water storage or well production has been less than 80 percent of capacity for at least 48 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 2, the Company may request the customers to voluntarily employ water conservation measures to reduce water consumption by approximately 50 percent. Outside watering should be limited to essential water, dividing outside watering on some uniform basis (such as even and odd days) and eliminating outside watering on weekends and holidays.

CURTAILMENT TARIFF

Notice Requirements: Under Stage 2, the Company is required to notify customers by delivering written notice door to door at each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.

Stage 3 Exists When:

- a. Company's total water storage or well production has been less than 50 percent of capacity for at least 24 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 3, Company shall request the customers to voluntarily employ water conservation measures to reduce daily consumption by approximately 50 percent. All outside watering should be eliminated, except livestock, and indoor water conservation techniques should be employed whenever possible. Standpipe service shall be suspended.

Notice Requirements:

- 1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such Notice shall notify the customers of the general nature of the problem and the need to conserve water.
- 2. Beginning with Stage 3, Company shall post at least four (4) signs showing the curtailment stage. Signs shall be posted at the well and/or pump sites located within the Sun City West Water District.
- 3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 3.

Once Stage 3 has been reached, the Company must begin to augment the supply of water by either hauling or through an emergency interconnect with an approved water supply in an attempt to maintain the curtailment at a level no higher than Stage 3 until a permanent solution has been implemented.

CURTAILMENT TARIFF

Stage 4 Exists When:

- a. Company's total water storage or well production has been less than 25 percent of capacity for at least 12 consecutive hours, and
- b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis.

Restrictions: Under Stage 4, Company shall inform the customers of a mandatory restriction to employ water conservation measures to reduce daily consumption. Failure to comply will result in customer disconnection. The following uses of water shall be prohibited:

- ◆ Irrigation of outdoor lawns, trees, shrubs, or any plant life is prohibited
- ◆ Washing of any vehicle is prohibited
- ◆ The use of water for dust control or any outdoor cleaning uses is prohibited
- ◆ The use of drip or misting systems of any kind is prohibited
- ◆ The filling of any swimming pool, spas, fountains or ornamental pools is prohibited
- ◆ The use of construction water is prohibited
- ◆ Restaurant patrons shall be served water only upon request
- ◆ Any other water intensive activity is prohibited

The Company's operation of its standpipe service is prohibited. The addition of new service lines and meter installations is prohibited.

Notice Requirements:

1. Company is required to notify customers by delivering written notice to each service address, or by United States first class mail to the billing address or, at the Company's option, both. Such notice shall notify the customers of the general nature of the problem and the need to conserve water.
2. Beginning with Stage 4, Company shall post at least six (6) signs showing the curtailment stage. Signs shall be posted at the well and/or pump sites located within the Sun City West Water District
3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 4.

CURTAILMENT TARIFF

Customers who fail to comply with the above restrictions will be given a written notice to end all outdoor use. Failure to comply within two (2) working days of receipt of the notice will result in temporary loss of service until an agreement can be made to end unauthorized use of outdoor water. To restore service, the customer shall be required to pay all authorized reconnection fees. If a customer believes he/she has been disconnected in error, the customer may contact the Commission's Consumer Services Section at 1-800-222-7000 to initiate an investigation.

Once Stage 4 has been reached, the Company must augment the supply of water by hauling or through an emergency interconnect from an approved supply or must otherwise provide emergency drinking water for its customers until a permanent solution has been implemented.
