If the Company has reason to believe water is being used for other purposes, including that the connection or line is leaking, the Company may install a meter to monitor usage, and, in addition, to the rates for fire protection listed above, all usage shall be billed at the Commercial rate in Service Classification No. 1. The applicable Service Charge listed In Service Classification No. 1 shall also be charged.

The charges under this provision are in addition to any general water service charges.

Special Provisions

A few hydrants are connected to mains by a “special connection.” A “special connection” exists when a customer and the Company entered into a service contract in which the customer agreed to maintain an unmetered water line from a Company main to the customer’s service line. If the Company has reason to believe water from a special connection is being used for purposes other than fire protection, including that the connection or line is leaking, the Company may install a meter and charge for usage under this tariff. The Company may require the customer to pay for the meter and its installation if:

- (1) the Company gives the customer written notice of the usage problem, requests that the customer correct the problem, and informs the customer that failure to correct the problem within 90 days could result in liability of the customer for the cost of installing a meter to monitor usage,

CLASSIFICATION OF SERVICE
SERVICE CLASSIFICATION NO. 5

Applicable

Applicable to the entire Service Territory of Kentucky-American Water Company.

Availability of Service

Available for Water Used for Construction, Street Washing, Pool Filling, and Similar Purposes.

Rates

Where a meter is installed on a fire hydrant or on a temporary service connection for construction, street washing, pool filling, and similar purposes, the minimum payment for water shall be the monthly service charge for general water service, payable in advance based upon the size of the meter installed.

If more than one fire hydrant or temporary service connection is used, the service charge is to apply to each such hydrant or temporary service connection so used.

The Company may require an application to be signed and either the service charge paid in advance or, at the option of the Company, a meter deposit made, and the account handled in the same manner as any other metered account. This service charge will not entitle the Customer to any water and all water used shall be billed at the meter rate schedule. In addition to such charges the Customer shall pay all reasonable costs incurred in connection with the installation and removal of the meter.
