

PENNSYLVANIA AMERICAN WATER

WE KEEP LIFE FLOWING®

Providing high-quality water service is our business. We monitor and test your water at multiple points throughout the treatment process.

Each year, our team of experts performs **thousands of tests** statewide on the water before it leaves our treatment plants and in the pipes we use to deliver your water service, monitoring for more than **90 contaminants**.

We take water quality so seriously that:

- 33 of our water treatment plants have been nationally recognized with Directors Awards from the Partnership for Safe Water program for our long-term commitment to optimizing operations and achieving outstanding performance.
- 27 of these plants have maintained this high level of service for 25 years or more.
- Nine of our plants received the Elite Phase IV Presidents Award (Bangor, Brownell, Clarion, Crystal Lake, Hershey, Indiana, Nesbitt, Norristown and Philipsburg).

In fact, we've received more Partnership for Safe Water Directors Awards than any other water utility in the nation.

This recognition is a true testament to our talented and diverse employees who work hard every day to provide customers with high-quality water and a culture focused on continuous improvement.

Justin Ladner

President

Pennsylvania American Water

AWARD WINNING WATER QUALITY

Pennsylvania American Water has received **MORE DIRECTORS AWARDS THAN ANY OTHER WATER UTILITY IN THE NATION.**
