

# KEY FACTS

## Continuous Improvement in the Water System

- ◆ According to the American Society of Civil Engineers 2013 “Report Card” on water infrastructure, there are \$3.5 billion in needs over the next 20 years to renew and replace water infrastructure in Tennessee.
- ◆ TAW makes \$15-19 million annual infrastructure investments to renew and replace pipes.
- ◆ Continuous upgrades in a water system are important to our health, economy and for fire protection.

**WE CARE ABOUT WATER. IT'S WHAT WE DO.**
