California American Water Company (U210W) hereby submits for filing the following tariff sheets applicable to its Los Angeles District which are attached hereto:

<u>C.P.U.C. Sheet No.</u>	<u>Title of Sheet</u> Schedule No. LA-1	<u>Canceling Sheet No.</u>
8250-W	Los Angeles County District Tariff Area GENERAL METERED SERVICE	7998-W
DELETE	Schedule No. LA-1-LIRA (continued) Los Angeles District Tariff Area LOW INCOME RATEPAYER ASSISTANCE PROGRAM	7999-W

8252-W	TABLE OF CONTENTS (Continued) (Page 2)	8241-W
8253-W	TABLE OF CONTENTS (Page 1)	8249-W

PURPOSE:

This supplemental Advice Letter is to address changes from the DWA regarding the surcharges for Baldwin Hills and San Marino.

In accordance with Section 7.3.1 of the Water Industry Rules under General Order (GO) 96-B and section 454 of the Public Utilities Code, California American Water is seeking authority to offset Purchased Water Expenses it incurs from the various water wholesalers that supply water to its Los Angeles District Service Areas. These various water wholesalers recently have increased rates to California American Water. California American Water requests that the full increase be offset in base rates to account for annual change in purchased water cost.

BACKGROUND:

California American Water serves approximately 27,700 customers in the Los Angeles Area which includes Baldwin Hills, Duarte, and San Marino. The present rates were authorized in D. 15-04-007 approved April 9, 2015.

The increase in water rates resulted in a \$2,692,200 annual increase in purchased water expense to California American Water, plus a corresponding increase of \$16,078 in uncollectible for a total increase of \$2,708,278. This increase is directly related to water consumption and thus should be applied to the quantity rate. The resulting incremental increase by service area is as follows:

Service Area	Surcharge Per CGL
Baldwin Hills	\$0.0371
Duarte	\$0.0670
San Marino	\$0.0334

REQUEST:

California American Water is requesting authorization to increase the quantity rates on its Baldwin Hills Service Area Customer by \$0.0371, on its Duarte Service Area Customers by \$0.0670, and on its San Marino Service Area by \$0.0334 in order to properly recover the increased purchased water expense it incurs from all of the various water wholesalers that supply water to California American Water's Los Angeles Districts Service Areas.

The offset requested represents an increase of \$2,708,278 or 9.04% over the latest revenue requirement provided and approved by the Commission in D. 15-04-007.

SERVICE LIST:

Pursuant with Section 4.3 of the General Order 96-B, a copy of this advice letter is being sent to those entities listed in the attached service list. Copies of the detailed workpapers and the documents supporting this advice letter have been furnished to the Commission Staff, as well.

EFFECTIVE DATE:

California American Water submits this as a Tier 1 advice letter and requests an effective date of June 10, 2016.

RESPONSE OR PROTEST:

Anyone may submit a response or protest for this Advice Letter. When submitting a response or protest **please include the utility name and Advice Letter number in the subject line.**

A response supports the filing and may contain information that proves useful to the Commission in evaluating the Advice Letter. A protest objects to the Advice Letter in whole or in part and must set forth the specific grounds on which it is based. These grounds² are:

1. The utility did not properly serve or give notice of the AL;
2. The relief request in the AL would violate statute or Commission order, or is not authorized by statute or Commission order on which the utility relies;
3. The analysis, calculations, or data in the AL contain material error omissions;
4. The requested in the AL is pending before the Commission in a formal proceeding;
or
5. The relief requested in the AL requires consideration in a formal hearing, or is otherwise inappropriate for the AL process; or
6. The relief requested in the AL is unjust, unreasonable, or discriminatory, providing that such a protest may not be made where is would require relitigating a prior order of the Commission.

A protest shall provide citations or proofs where available to allow staff to properly consider the protest.

DWA must receive a response or protest via email (or postal mail) within 20 days of the date the AL is filed. When submitting a response or protest, **please include the name of the utility and the advice letter number in the subject line.**

The addresses for submitting a response or protest are:

Email address:

Mailing address:

The informing document should include an estimate of the date the protest might be voted on.

REPLIES:

The utility shall reply to each protest and may reply to any response. Any reply must be received by DWA within five business days after the end of the protest period, and shall be served on the same day on each person who filed the protest or response to the AL.
